

A child in a plaid shirt stands in a forest, reaching out to a glowing, circular energy field. The field is composed of concentric rings and a grid of points, with green and blue light emanating from it. The background shows tall trees and a bright sky. The top of the image has a green patterned overlay.

Celebrating 50 Years

**THE CELEBRATION OF
IFA-ING 50 YEARS EVENT
IS A ONCE-IN-A-LIFETIME
EXPERIENCE.**

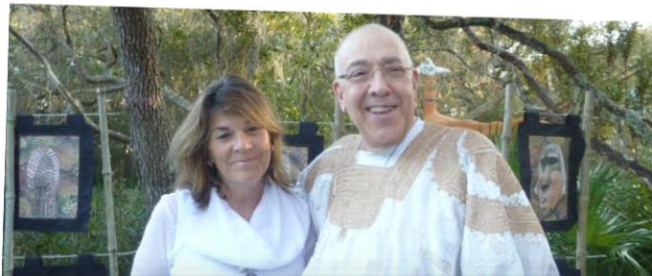

This year has great meaning to all those who have walked into the path of Ifa.

Celebrating 50 Years

Oluwo Philip Neimark has carved a way-in for all to see through a worldview that the ancestors passed for him to share.

THE "16" TRUTHS OF IFA

The *Worldview* of the Ifa Foundation International

1. This is a benevolent Universe created by a benevolent God.
2. Fear comes from the ramifications of short term thinking. With long term thinking, you need have no fear...
3. There is a single Creative Force (God).
4. Waiting to transition with a judgmental God and a non-existent devil, steals your future.
5. It is your birthright to be joyful, successful and loved.
6. Personal empowerment is the path for success and fulfillment.
7. You are part of the Universe in a never ending symbiotic relationship.
8. Character determines outcome.
9. All supremacy is evil.
10. You must never initiate harm to another human being.
11. You must never harm the Universe of which you are a part.
12. Discrimination is personally and culturally destructive.
13. Diversity is the template of Oludumare's (God) creation.
14. You select your Destiny.
15. Divination provides the road map to your Destiny.
16. You can't fix *things*... you must repair what is actually causing the problem.

The Sacred Orisa Gardens

WELCOME TO OLA OLU (GIFT FROM GOD)

The Ifa Foundation has been blessed to have been directed to this special oasis of land that was once attached to the continent of Africa. Numerous tectonic shifts created circumstances that allowed this land mass you are treading upon today to become part of the state of Florida. The energy on this land is quite profound.

African Slaves that escaped found refuge here & resided side by side with the local Native Americans. We honor their ancestral spirit energy & invite you to as well.

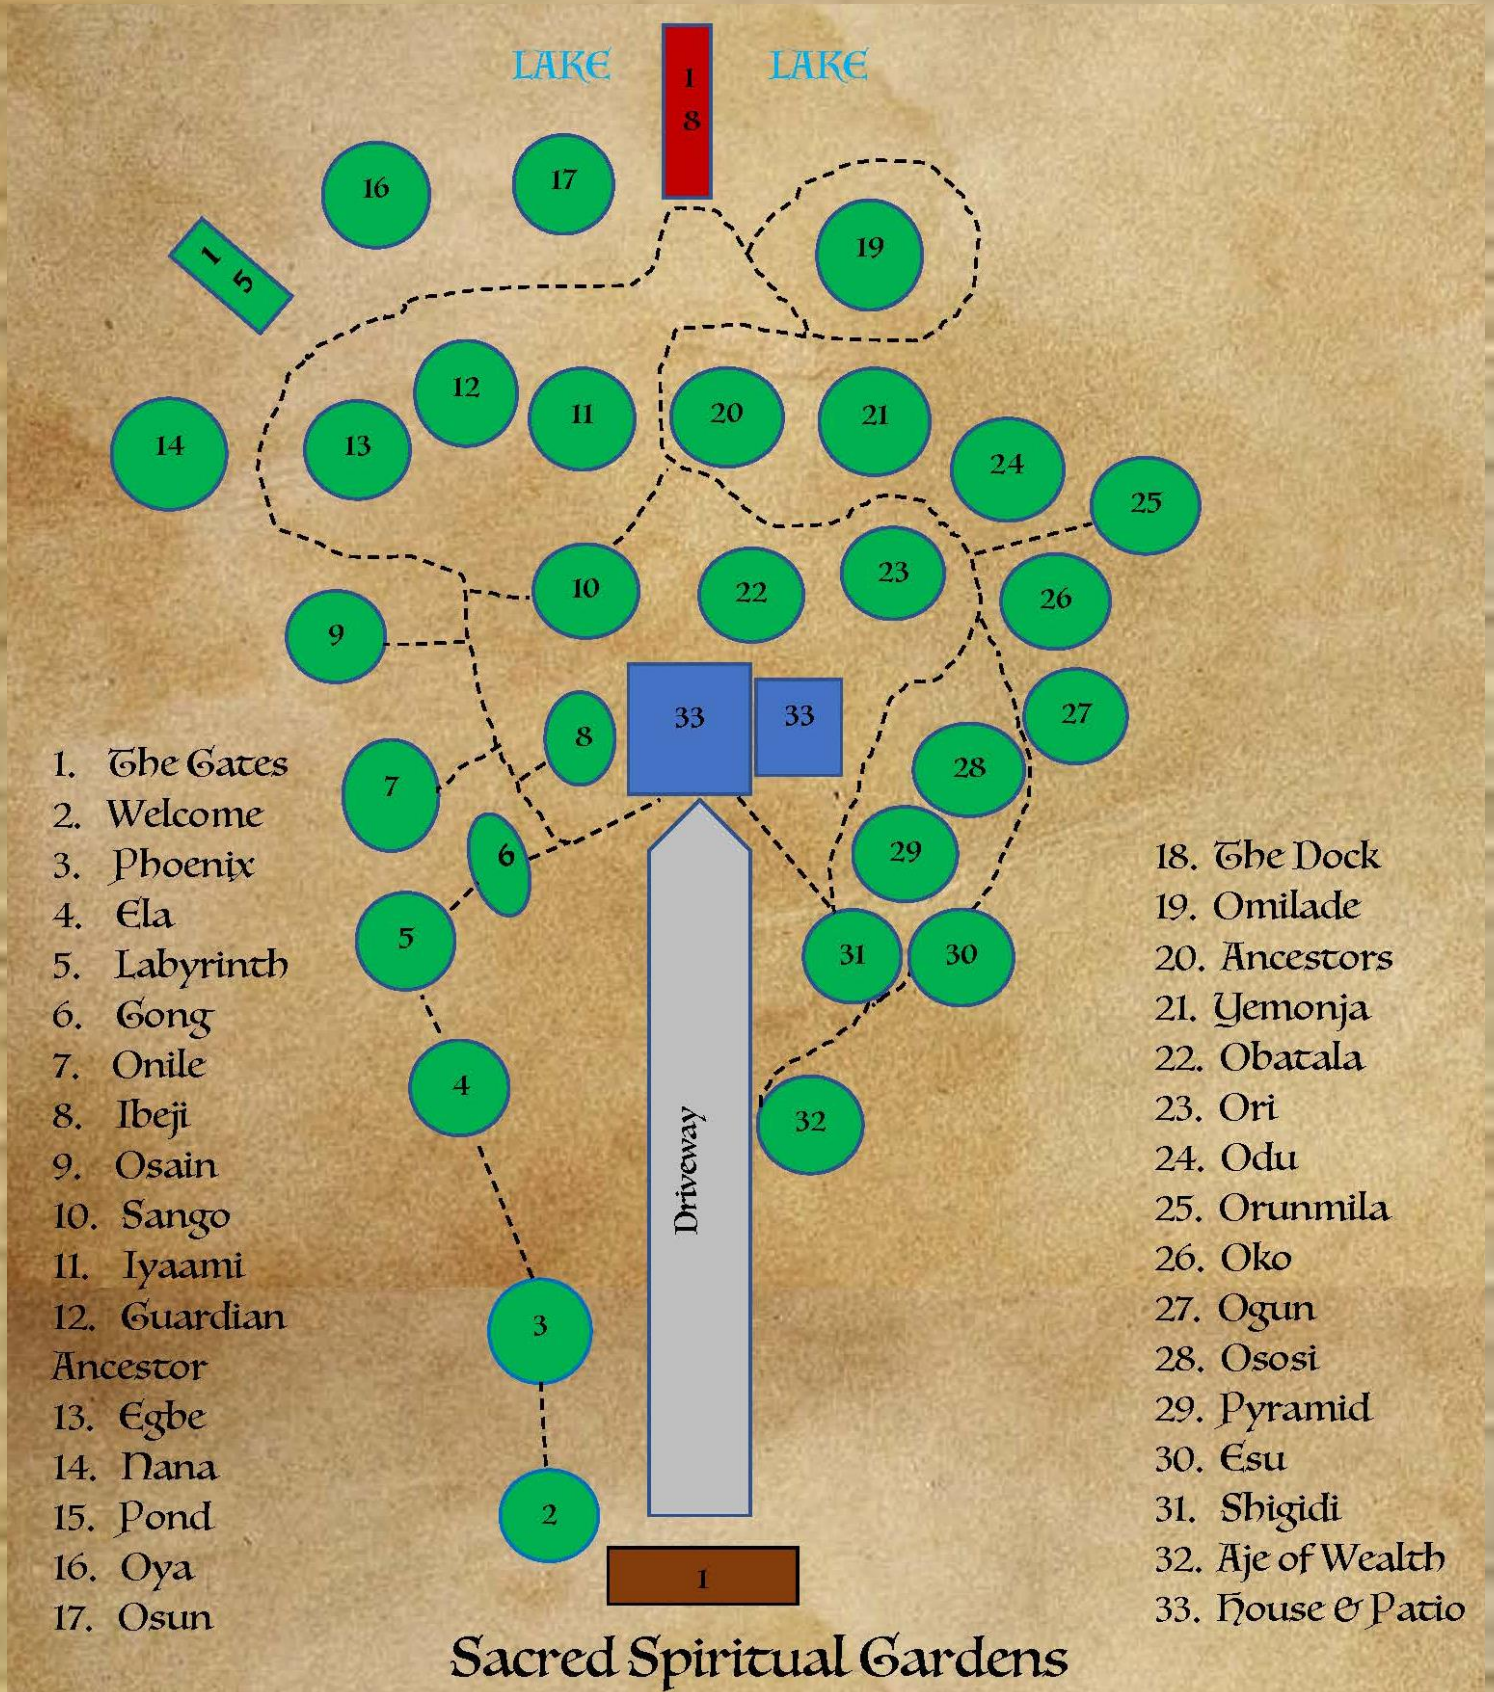

The Ifa Foundation had the vision of creating the Sacred Orisa Gardens inside the energy vortexes of this powerful land. Divination was performed each step of the way as well as the defined rituals performed for aligning what you will experience today as you open yourself up and allow the energy to permeate your being.

As you tread upon this land...you will walk along the footprints of those that have been here before you...people that have come from all walks of life as well as coming from another area of our planet.

We welcome you to connect with the powerful energy that permeates this land... through your prayers and special offerings.
